

1

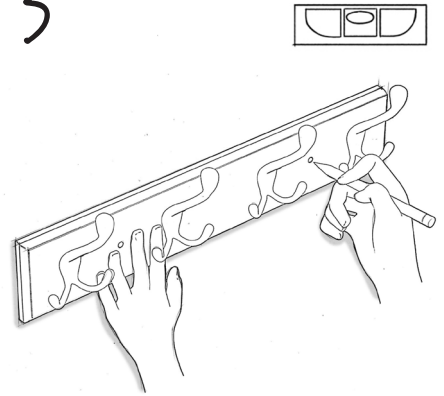

Before installing please check you have all parts and accessories. Any problems, please let us know at [help@larhn.com](mailto:help@larhn.com) and we will be happy to send replacements.

2

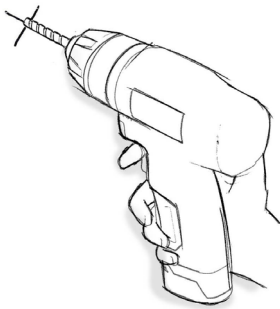

Attach the hooks to the wooden board.

3

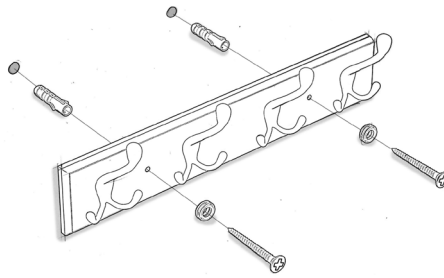

Determine the desired placement for the coat rack and mark the locations for the holes to be drilled.

4

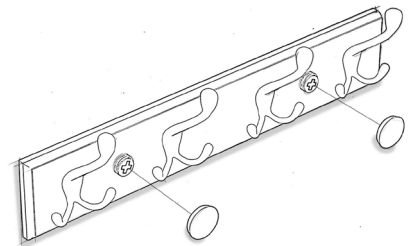

Drill the holes in the appropriate locations.

5

Insert the wall-plugs into the holes. Then attach the coat rack using the screws, making sure to include the screw threads.

6

Add the screw caps.
